Hakuzo Medical Corporation

Antiseptic

Swabstick

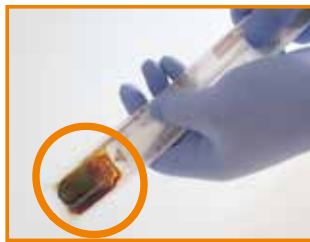

The antiseptic and the swabstick are packed in different compartments. Push and impregnate the swab with the antiseptic and open the pouch to use.

## INSTRUCTIONS

STEP ①

Push the swabstick

Make sure the swabstick is pointing downward.

STEP ②

Impregnate

Avoid holding the seal separating the 2 compartments when pushing the swabstick.

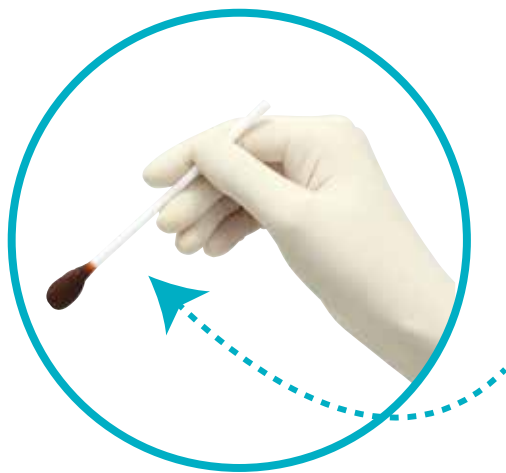

↓ Push the swabstick toward the antiseptic.

STEP ③

Take out the swab

Open the pouch from the top and take out the swabstick

Ready to use

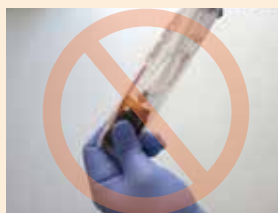

Scan the QR code to watch the Instructional video

⚠ Cautions

Do not hold the end packed with antiseptic.

Do not squeeze the antiseptic.

Do not point the cotton tip upward.
